Acknowledgements

We offer this resource guide to the women of New Orleans with acknowledgement and appreciation of all of the patients, volunteers, neighbors, staff, allies & friends who support this work through copy editing, folding, stapling, photocopying, phone calling, asking questions, coming to meetings, raising issues, sharing information and generally making it their business to get the word out. Many woman-hours have gone into the publication process for this guide, and many more will be involved in getting the finished product out into the world. Please do your part by sharing copies with the women around you, and by letting us know how to make the guide better next time around.

Thank you!

About Using This Guide

Our intention with our resource guides is to increase public access in the New Orleans area to services that are free or low-cost. The Women’s Health edition strives to emphasize services most relevant to the lives of women in New Orleans, and to aid them in the pursuit of health and well being. Most of our listings are for locations in Orleans & Jefferson Parishes. Our staff & volunteers check the information for all of the listed services for accuracy every 2-6 months.

Most agencies that state they have a sliding scale require proof of income (i.e. check stubs, W2 forms, letter from person supporting you and their check stub, etc.). Usually they will require an ID and/or a utility bill to verify your address. If you have a question about costs, services or eligibility, call ahead.

*In the interest of keeping the size of this guide easy to carry around, the following sections have been abbreviated: Hospitals, Special Needs, Employment, Justice & Legal Aid, Recovery & Rebuilding. See editions of our Community Resource Guide for expanded listings. Additional copies of this and other resource guides can be obtained by calling our office or visiting our website.

Safe Haven Law/Safe Baby Sites

1-800-CHILDREN (244-5373) www.LouisianaSafeHaven.com
 Louisiana's Safe Haven law allows a parent to anonymously relinquish his/her child up to 31-days-old with no threat of prosecution. The parent must hand the child to an individual working at a designated emergency care facility. The baby cannot be left unattended and must show no signs of abuse or neglect. If the baby is left unattended, for instance on a doorstep or in a bathroom, it will not meet the criteria for a safe haven relinquishment. The parent does not have to give their name or any other information, but can call 1-800-CHILDREN to find out more about his/her rights and also to anonymously give information about the infant’s medical/genetic history.

What should a parent Relinquishing a Child do?

1. Locate the nearest emergency care facility (i.e. hospital, public health unit, any EMS unit, medical clinic, fire or police station, pregnancy crisis center or child advocacy center)
2. Locate an employee with the facility, hand your child to them and state that you want to utilize Louisiana's Safe Haven law.
3. You should be given a card or phone number where you can leave further information about the child and his/her medical history. You can either take the materials or walk away.
